

A Resolution for Mandatory One-Year of Military Service

1 Whereas, the current generation lacks the virtues of discipline and patriotism,
2 and;

3 Whereas, the current troop rate is inadequate and can be improved, and;

4 Whereas, in this current economic recession, joining the armed forces is a logical
5 alternative to college, and;

6 Whereas, other countries, such as Italy and Israel, require one year of mandatory
7 military service.

8 BE IT RESOLVED by the Congress assembled that one mandatory year of military service
9 be required of every physically and mentally able citizen of the United States of
10 America.

Respectfully submitted
